

#RisingYouth Community Service Grants

Do you have a simple idea to improve your community?

TakingITGlobal (TIG) is looking for passionate young people with ideas to support through #RisingYouth.

We have three levels of grants available:

\$250

For simple ideas - like community events or gatherings - that can be implemented by you and your friend.

\$750

For bigger ideas that can be implemented with a small group of peers, such as building a community garden, or distributing care packages.

\$1,500

For projects that involve a larger group of people to drive impact. Projects at this level of funding need a budget and a mentor or community reference to apply.

Requirements

To be eligible for funding through the program, your project idea must fit the requirements below:

- Your project must be created and led by youth (15 to 30 years old).
- Your project must be service-related.
- Through the project, youth must take ownership of an issue, propose a solution and implement it at the local level.
- Activities cannot include making a donation to a charity or purchases benefitting a single individual.
- Materials and supplies purchased through the project must be given to community organizations upon completion.
- You will be required to recruit and involve peers in implementing the project.
- You must agree to report on the impact of your project in follow up.

If you believe that your project meets the requirements above then we want to hear from you! Visit our website:
